To Whom It May Concern:

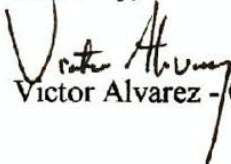

We are pleased to provide this **'Letter of Recommendation'** for **W.G. Fritz Construction** for the following reasons.

Approximately eighteen months ago, we hired W.G. Fritz Construction to design and build our new restaurant in Daly City. During the past eighteen months, W.G. Fritz Construction has provided architectural, structural, electrical and mechanical drawings, pulled permits and provided construction and supervision of our project. During that time they assisted on color selection, costs and coordinated with our interior design company on the placement of interior furnishings. W.G. Fritz provided all phases from inception to completion in a very professional manner.

This is our third Cactus Fresh Mexican Grill (San Francisco, Santa Clara) and we are extremely happy with the relationship that we have formed with W.G. Fritz Construction and look forward to working with them in the near future on our next project.

Please stop by to view the culmination of everyone's effort and let us know if we can be of any further assistance.

Sincerely,

Victor Alvarez - Owner
